Shiver Security Expands with the Acquisition of Four New Companies

SW Ohio based security company expands with new companies from the Dayton, Ohio area.

DAYTON, OHIO (December 9, 2019)— Shiver Security Systems and Sonitrol of SW Ohio, a commercial and residential security company based in Dayton and Cincinnati announces the recent acquisition of four new companies servicing SW Ohio. The four companies: 995 Security, Security Services Center, Wilmington Security Systems and Apex Alarm Company. “We liked these companies because their operating footprint and customers mirror ours as well as their commitment to the core values we share” says Chip Shiver, President.

“We are hoping to grow our company with these new acquisitions, allowing us to reach more customers and provide an even better experience and service to our existing and future customers” says Alison Shiver, Head of Marketing for Shiver Security. “We are always excited to expand and hope to take our business to the next level.”

“This merger is a great opportunity to create more relationships with new customers. We are very excited to have Tony Shanks and Tim Sparks helping us with this purchase” says Wayne Lisle, VP of Shiver Security. “Tony and Tim will help ensure that all of the current customers will have a seamless transition to Shiver Security Systems and support our mission which is *Building Lifetime Relationships with Our Customers by Exceeding Their Expectations.*” Says Chip Shiver, President.

About Shiver Security

Shiver Security Systems, Inc. and Sonitrol of SW Ohio was founded in 1971 by Rex Shiver. He later retired and handed the company to his deserving and motivated son, Chip Shiver. He now runs the family owned company with pride. The goal of Shiver Security is to provide the most intelligent and effective security solutions for both commercial and residential customers. Shiver is known for their family values and great relationships with their customers, employees and vendors. Shiver Security currently has over 8,000 customers in SW Ohio, Northern Kentucky and Columbus, many of which have been with the company since the beginning.
